

## **Be a Part of Vista Center's Team**

Our life-changing team of highly qualified staff, dedicated board members, trained volunteers and generous donors allows Vista Center to annually transform the lives of over 2,500 clients and families living with vision loss. I invite you to become part of our dynamic team by making a gift today which will go directly to supporting programs and services that restore hope and independence.

As a donor, the power of your gift supports Vista Center's expert and compassionate staff in transforming lives through our comprehensive services listed below. ***Thank you for your generous support.***

**Pam Brandin, Executive Director**

### **Safe and Healthy Living**

#### **PROMOTING INDEPENDENCE**

Without sight the most routine tasks can seem insurmountable. The Safe and Healthy Living program assesses the individual needs of a client and develops a customized plan of action for teaching them skills that enable independence.

### **Low Vision Services**

#### **RESTORING HOPE**

When someone is slowly losing their sight, losing faith in one's ability to function independently becomes a real fear. By conducting evaluations, which result in recommendations and education to enhance the use of remaining vision, Vista Center's specially trained low vision optometrists provide devices, services and support, that alleviate fear and restore hope.

### **Children and Youth Services**

#### **CREATING OPPORTUNITIES**

Blind and visually impaired young people are no different from their sighted peers in their desire for opportunities to engage with others and make a difference in the world. The Children and Youth Services Program provides them with the tools, strategies, confidence, and courage to build the future that they dream of and that is possible.

### **Technology Program**

#### **TRANSFORMING LIVES**

Vista Center's Technology Program is leading the way in bringing technology that was once only available to the sighted community to those who are blind or visually impaired. Our Access Technology Specialists provide basic to advanced customized training to enrich, simplify, transform, and open up new worlds to our clients.

### **Community Services and Advocacy**

#### **EMPOWERING AND EMBRACING LIFE TO THE FULLEST**

By providing training and consulting to other groups and organizations, Vista Center is a resource for and educator in the communities it serves.
